English language pathways to UWA degrees

UWA CELT offers two options to improve English language proficiency to the level required by the University for entry into its undergraduate and postgraduate programs.

OPTION 1: Academic English and Study Skills Bridging Course

The most common and recommended pathway is via UWA CELT's Academic English and Study Skills Bridging Course (Bridging Course).

The Bridging Course has been designed for international students who wish to study at UWA but do not have the required level of English language proficiency.

The Bridging Course program is also suitable for students with unconditional entry into UWA who would like to further develop their confidence, language ability and to better cope with the demands of the academic environment before starting tertiary studies.

A 70 per cent pass in the Bridging Course meets the University's English language requirement for most undergraduate and postgraduate courses that require an IELTS of 6.5 with no band below 6.⁰¹ However, some courses at UWA have higher entry requirements, for instance:

- Master of Business Administration (flexible and full-time) require an overall 75 per cent with no skill below 70 per cent
- All Law School courses require an overall 85 per cent

The Bridging Course will help students to:

- Improve English language skills to the level required by UWA
- Learn about the organisation and language of various types of academic texts
- Develop knowledge of the language of their chosen discipline
- Develop an understanding of the Australian academic and research culture
- Develop a high level of analytical and reflective skills in an Australian academic context
- Give students an opportunity to work on a research paper and portfolio in their discipline area, and on research presentations in Module 2
- Develop strategies to attribute literary sources appropriately
- Develop the capacity to be autonomous learners at an Australian university with the confidence to participate freely and appropriately in academic situations

Bridging Course Minimum Entry Requirements

Requirement	20 week program Modules 1 & 2	10 week program Module 2
IELTS	Overall 5.5 with no band score below 5.0	Overall 6.0 with no band score below 5.5
TOEFL iBT	Overall 58 (minimum 18 in writing, 16 in speaking and 12 in listening and reading)	Overall 70 (minimum 20 in writing, 19 in speaking, 17 in listening and 14 in reading)
Cambridge FCE	Minimum score of 60 and borderline for each skill	Minimum score of 75 and good for each skill
Pearson Test of English (Academic)	Overall 49 with no individual score below 42	Overall 54 with no individual score below 54
UWA CELT General English	Upper-intermediate with a minimum of 70% with no individual skill below 60%	Pre-advanced with a minimum of 69% with no individual skill below 65%
UWA CELT English for Academic Purposes	Minimum of 60% with no individual skill below 55%	Minimum of 65% with no individual skill below 60%
WACE EALD Stage 3 (English as an Additional Language or Dialect)	Overall scaled score of 35 - 39.9	Overall scaled score of 40 - 49.9

UWA CELT's Bridging Course has been granted NEAS Premium Product Endorsement and there are three intakes of the course each year.

The 20 week Bridging Course has two modules. The course hours for each module are as follows:

Module 1 (20 hour program per week)
Module 2 (25 hour program per week)

⁰¹ If entry requirements for tertiary courses are higher than 6.5 and nothing below 6.0, then entry into the 10-week Bridging Course will be no less than 0.5 lower for each individual band and for the overall score. Refer to the UWA CELT website for further information: celt.uwa.edu.au/courses/pathways

Students unable to meet the Bridging Course entry requirements have the option of improving their English competency by starting with an English for Academic Purposes or General English course at UWA CELT before the start of the Bridging Course.

OPTION 2: English for Academic Purposes + IELTS/ TOEFL examination

An alternative pathway for university entrance is available through our English for Academic Purposes program, together with preparation for the IELTS or TOEFL examination.

English for Academic Purposes is a structured course offered in five-week modules but is modified every term to meet the needs of the class group.

The 20-hour per week course is tailored to the knowledge and ability of its students, offering a highly supportive means to develop academic skills and English language ability. This focus on student needs incorporates assessment of achievements according to the composition of each class. For this reason, students choosing to study English for Academic Purposes must also sit an IELTS or internet-based TOEFL examination. The test can be completed at UWA CELT.

EAP can also provide a pathway to Exchange & Study Abroad Programs - without additional IELTS/TOEFL Testing

Study tours

If a student group wants to get a taste of UWA and UWA CELT, a short-term study tour that combines any or all of the following – academic study, Australian culture and English language – could be just the answer. UWA CELT organises three broad categories of courses for groups of participants.

Closed programs

These individually tailored courses are designed for the needs of each particular group. In this kind of course, participants tend to stay together in the one class, and it is preferable that students are of similar language ability. These individually tailored programs are for groups of participants from high schools, university faculties, corporations, government and cultural bodies. The programs vary in duration from four days to 12 weeks and generally fall into one of four types: Australian Culture, English for Special Purposes, TESOL Professional Development and UWA Academic skills plus Faculty lectures and workshops.

UWA CELT has designed and delivered closed class courses with a focus on discipline areas such as engineering, medicine and management, amongst others. These individually tailored programs can be offered throughout the academic year and delivered across all levels of English proficiency.

Open programs

This course gives participants with different levels of English ability the opportunity to take part in courses such as General, Academic English and examination preparation with other international students.

Hybrid programs

This is a combination of both the open and closed class options and can be arranged for client groups of 18 years and above. The morning gives participants the opportunity to take part in the Centre's open class General and Academic English courses. The afternoon gives participants the opportunity to study with a focus on a particular discipline area, or the chance to include any number of cultural activities to enrich their experience.

Discover Western Australia

Western Australia covers one-third of the Australian continent. Spanning over 2.5 million sqkm (one million square miles), Western Australia extends into two different climatic zones.

When it is warm and dry in the north of the State, it is cool and wet in the south. Bordered largely by desert to the east, Western Australia is bounded by 12,500km (7813 miles) of the world's most pristine coastline to the west. Western Australia is a land blessed with some of the world's most precious natural wonders, including the dolphins of Monkey Mia, the 350-million-year-old Bungle Bungle range and the towering karri forests of the South West.

Venture beyond Perth to explore a vast country including landscapes carved by nature over millions of years. Immerse yourself in Aboriginal culture. Get up close and personal with the unique flora and fauna of Australia.

Situated in the far north is the Kimberley region, an ancient landform of rugged ranges with deep, spectacular gorges and pristine, sandy beaches.

The Pilbara region is the heartland of Western Australia and offers thrilling adventure and ecotourism opportunities. The South West is renowned for its natural forests and vineyards. Wherever you go, the memories will last forever.

Online Placement Test

If you have enrolled in GE, EAP or an IELTS course and you do not have valid results, an online placement test will be sent to you.

The test must be completed in the given time and should be completed without any assistance. *The results will help identify your current English level and ensure you are in the correct class.*

6

Offer letter

The Centre will process your application and send you a letter of offer and acceptance documents. The offer letter will include an invoice for your course, and other applicable fees (including accommodation if requested, and Overseas Student Health Cover if you are applying for a student visa).

7

Acceptance

On receipt of your offer letter, you should sign the acceptance documents and return them with your payment directly or via an official UWA CELT overseas representative. Once these are received by the Centre you will be emailed orientation information along with your Confirmation of Enrolment (CoE), which you will need to commence your visa application process (if you are applying for a student visa).

8

Travel and visa arrangements

You will be required to make your own travel and student visa arrangements. UWA CELT's overseas representatives will also be able to help you with these arrangements if you need any additional advice or assistance. Students arriving on a tourist or working holiday visa are advised to arrange their own health insurance cover prior to travel. All students are recommended to purchase private travel insurance to cover their personal belongings for the duration of their study and any extended time in Australia.
